No Class:

2nd Quarter
No Class:
Thanksgiving week
Dec 20-Jan 2

3rd Quarter
No Class:

4th Quarter
No Class:
Easter Break-April 7 & 8
Last Day-May 25

Each quarter is 9 weeks

Topic Descriptions

1st Quarter: **Aug 25-Oct 20**

Let's Rock with Rocks

Your child will enjoy a time of investigating rocks and minerals, soil, volcanoes, and other geological phenomena on the earth. Each student will begin to make their very own rock collection that they can take home.

2nd Quarter: **Oct 27-Jan 12**

Doodads & Thingamabob's

Investigating how gadget's work can be exciting. From gravity to gears, we are going to learn about the physics principles through hands-on science experiments that are lots of fun!

Topic Descriptions

3rd Quarter: **Jan 19-Mar 16**

Backwoods Survival

How long could you survive in the wild with just a few items in your backpack? Would you know which creatures and plants are poisonous? Come on an imaginary adventure to discover the everglades, its creatures, and survival.

4th Quarter: **Mar 23-May 25**

Magnets & Electricity

Investigate components of electricity and discover the properties of magnets. Learn how to build a simple circuit that conducts electricity. Explore how magnets and electricity work together. Examine the energy types of the future. Which do you think is going to be the best?
