Easter Break-April 8

Elementary Science Program 2009-2010

Topic Descriptions

1st Quarter:

August 27 – Sept. 17—Magnetism

Discover the properties of magnets, and what materials are used in making magnets. Explore how magnets and electric current work together.

September 24 – Oct. 15—Electricity

Investigate each component of electricity and how each part is necessary to have electricity. Build different types of circuits and study the features of each.

2nd Quarter:

October 22 – Nov. 12—Systems of the Human Body

Study the anatomy and function of the circulatory, digestive, respiratory, and excretory systems in the human body.

November 19 – Dec. 17—Invisible Things

Observe the smaller than the eye can see creatures and discover their functions that God has designed.

Topic Descriptions

3rd Quarter:

January 14 – Feb. 4—Alternative Energy Sources

Wind, Water, Sun, and Radioactive Materials will be investigated as sources to produce energy.

February 11 – March 4—Ice Age Creatures/ Sharks

Investigate the animals of the Ice Age. Are any of these animals alive today?

4th Quarter:

March 11 – April 1—Wetlands of Florida

Study the wetland ecosystem of Florida and its inhabitants. Find out whether other ecosystems exist throughout Florida.

April 15 – May 6—Ocean Life Study the creatures of the ocean. Discover God's special design of ocean creatures.
